

ICoCA Anti-Corruption and Anti-Fraud Policy

1. Introduction

a) Purpose

The International Code of Conduct Association (“ICoCA” or “the Association”) maintains a **zero-tolerance policy** with regard to corruption, bribery, fraud, and facilitation payments. This policy sets out principles, rules, and procedures to define, prevent, and address prohibited conduct in all activities of the Association. ICoCA is committed to promoting ethical behaviour by raising awareness, providing guidance, and implementing controls to prevent corruption and fraud across its Board, Secretariat, and partner organisations.

b) Scope and Applicability

This policy applies to:

- **All Board members, officers, Secretariat staff (including interns and volunteers), consultants, and any person acting on behalf of ICoCA.**
- **All partner organisations, contractors, and suppliers** engaged with ICoCA in programme implementation.

5. Prevention and Awareness

Fraud Triangle Approach

ICoCA addresses three key drivers of corruption and fraud:

1. **Opportunity:** Minimised through internal controls, reconciliations, dual approvals, and disciplinary measures.
2. **Rationalisation:** Addressed through awareness, training, and fair treatment of all staff.
3. **Motive:** Managed through transparent remuneration, support mechanisms, and fair organisational practices.

6. Integration with Conflict of Interest Policy

- All staff and Board members must continue to comply with [ICoCA's Conflict of Interest Policy](#).
- Conflicts of interest must be **disclosed immediately**:
 - Staff → Executive Director
 - Board members → Chair of the Board
- Annual disclosure statements are required for all Board members, and Secretariat staff Members.

7. Finance and Accounting Controls

ICoCA recognises that financial transactions are a key area where corruption and fraud can occur. To prevent and detect such risks, the following measures are in place, **monitored and enforced by the Finance and Administration team**:

1. Invoice and Payment Approvals

- All invoices, purchase orders, and payments must be reviewed and approved prior to processing.
- **Regular payments require dual approval:** one signature from a **responsible person in Administration** and one from a **responsible person in Finance**.
- Certain individual payments may be approved **individually by the Executive Director**, but these must be fully documented and justified.

2. Cash Handling

- Cash transactions are strictly limited.
- All cash movements must be **recorded, justified, and reconciled regularly**.

3. Expense Reimbursements

- Staff must submit reimbursement requests with full supporting documentation (receipts, invoices, justifications).
- The Finance and Administration team reviews and validates all reimbursements to ensure compliance with ICoCA policies.

4. Internal Controls and Audits

- Regular reconciliations of bank accounts, petty cash, and accounting records are conducted by the Finance and Administration team.
- Periodic internal audits are carried out to detect irregularities or deviations from approved procedures.

5. Reporting Irregularities

- Any discrepancies, suspicious transactions, or potential misuse of funds must be reported immediately to the **Executive Director**.
- Staff are encouraged to raise concerns through established reporting channels without fear of retaliation.

These measures are designed to **minimise perceived opportunities for fraud or corruption** and ensure transparency, accountability, and integrity in all financial matters of ICoCA.

8. Policy Review and Adoption

- This policy is **reviewed annually**.
- All staff and Board members receive a copy and acknowledge understanding and compliance.
